Offer is valid until 31st of January 2012.

Do you know the "Armadillo"?

Armadillo is the elastic rubberized zone has the toe on Express and Express Adjustable fins. It is based on the technology of Slingshot.

This zone is used to channel the energy of the fin: once loaded with energy on the power stroke, the special full-foot tip zone will release the energy prior to the upstroke to provide an added boost of power.

Moreover, it allows the blade to bend obtaining the optimum flexibility and, it will reduce pressure on the foot, and so you feel less fatigue.

Our Pro Dive Show 2011 - Thank you for your visit !

Thank you for your visit during this great event ! We had a fantastic day presenting our new swimming, snorkelling and diving collections with a few fashion shows. The food was excellent especially the roasted lamb, ice cold drinks were flowing all day long sharing a good time with people from the diving industry.

Also, great prizes have been won at our lucky draw with the Bcd Zuma Pro, Titan LX regulator, Computer XP-10 and much more...

We have already uploaded some pictures of the day on our facebook page. Enjoy! Thank you.

Wave Bcd & Calypso Regulator Set

Our basic set Aqua Lung wave BCD and Calypso regulator (with octopus and a gauge) offer a great comfort and durability for our entry level. This is the favorite set among dive resorts and dive operators worldwide

THE BASIC SET OFFERING THE BEST VALUE ! ASK FOR YOUR RENTAL SET AQUA LUNG

Wave BCD:

- Made from tough, fade-resistant 1000D Armorshield™ Cordura® - Unique with a dye process made at the molecular level, The bcd will remain black for years.
- A scooped octo-pocket on the top front of the right lobe makes it easy to deploy and stow an octopus. This make you also very streamlined.
- Pull dumps are with hi-viz orange color to be seen and found easily. Easy to demonstrate when teaching
- Optional SureLock II integrated weight pocket available to upgrade your Bcd

Calypso regulator set:

- Now it is easier and cheaper to service - No Tools needed.
- With a quick connector, it allows you to change the regulator from the right to the left in few seconds.
- Venruri control to prevent the free flowing when entering the water.
- High-performance, mid-size 2nd stage offering a good breathing comfort
