New lights by UK

With more than 25 years of experience, Underwater Kinetics (UK) has been in the business of designing and manufacturing lights for use in harsh or difficult environments. We are proud to present two of the latest evolutions:

Colour: ● ●

⌚ 30Hrs ✨ 98lm 🌊 150m

SL3 e led: the world's smallest 3C dive light!

When we got the first delivery of the SL3, we were totally captivated about the intensive light output of this hand-torch! Powerful 98 lumens, combined with compound path optics, cut through fog and murky waters!

Super Q e led rechargeable Lithium Ion dive light

Probably the best compact torch ever: Its revolutionary flat optics system is more compact and 85% more efficient than competitors! With a weight of only 102 grams, it will easily fit in any BC pocket. The rechargeable solution is great when travelling or for your next liveboards trip.

🔌 USB ⌚ 4 Hrs ✨ 100lm 🌊 150m

TDEX Review

Thank you for visiting us during the TDEX 2010 which has been a real success. The presentation of our new products has been welcome by the industry and divers!

This year an Aqua Lung technical training and new products presentations have been organized during the event.

Mr. Michael Wehrle (Aqua Lung SEA Regional Manager) has enjoyed the seminars together with an enthusiastic audience.

Thank you again, we are looking forward to see you again at TDEX 2011, 12-15th of May 2011.
