Pro Dive Show 2010

LET'S CELEBRATE THE COMING SEASON!
This is the day that make you save money and win knowledge in a professional and friendly atmosphere.

Come and see seminars from SSS, PADI, Aqua Lung and Asia Dive Tech.

During this event, Aqua Master will offer:

- Technical Courses (6 & 7th of October)
- Special offers for the coming season
- Seminars
- Give aways
- Lucky draw with high value prizes
- Great barbecue all along the day

Please [click here](#) for more information about this day and the seminars!

Let's prepare and celebrate the coming season!

Kids' playground

Being properly equipped is not only an adult privilege!

We all want to protect our children from top to bottom; protect their eyes from chlorine and bacteria or their skin against the sun and jellyfish. Aqua Master carries the largest range of kid's water sports products in Thailand; Comfortable and stylish to offer fun and safety in the water at the same time.

Display solution

Proper presentation is half the sales !

Organize your retail area clearly, efficiently, professionally and gain more profit.

In many cases this will be your customer's first introduction to your company and first impression counts.

Aqua Master offers you good selection of **displays** for masks, snorkels, lights, fins, hooks, wetsuits, rash guard, shoes, scuba gear sets... We have everything you need to display our products!

Also our graphic designer can help you to create some segmentation banners. Please contact us and we will be glad to help you out.

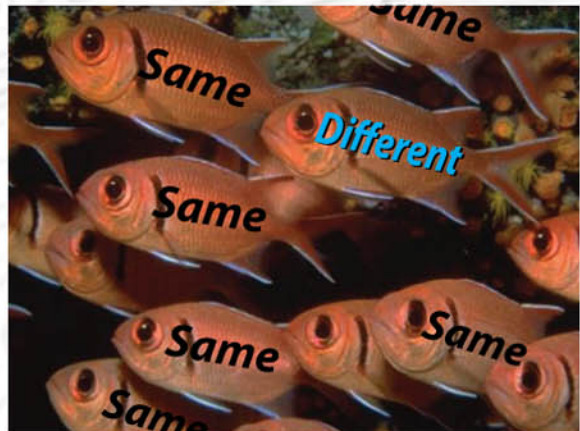

Personalization

Did you know that you can customize your gear without investing a fortune?

Very simple; Aqua master can quickly personalize your wetsuits, equipment bags, snorkeling sets, life jackets with your logo, numbers, sizes, etc.

Be recognizable and increase your visibility in the market!

Prices are available on request.

Sea & Sea YS 01 Strobe
Sea & Sea YS 01 Strobe set
YS 01 Set - Arm VII - Optic cable - Strobe mask set

Retail price: 17,540 THB
Retail price: 29,990 THB

Sea & Sea YS 01 Strobe

This new compact-type slave strobe can be used for all types of cameras.

Enjoy the possibility to **enable fine adjustment of the light level according to your intentions** by switching between DS-TTL (Digital slave TTL) and a ten-level manual control function! You can also set up a lighting system that uses two strobes in DS-TTL mode.

Enjoy taking pictures all day long **without having to recharge the batteries** thanks to its four AA batteries: powerful and long lasting and available everywhere in the world.

Don't miss any opportunity to take a picture! Recycle time is about two seconds: for stress-free continuous shooting! This strobe is equipped with a **high-luminance white LED target light (1W)** indicating the optical axis of the strobe attached to its front face. It will also **help** your camera to **focus**, and can be used as a **dive light** at the same time.
