AQUALUNG RENTAL SETS

Aqualung Calypso Regulator

This fifth-generation Calypso has new innovative features resulting in a more comfortable, lightweight and easier-breathing regulator, it is also compact, easy to service and is robust making it perfect for Dive Center rental use.

Aqualung Calypso Octopus

Aqualung Wave BCD - ResisteK

The Aqualung Wave BCD is a rugged, durable buoyancy control device, perfect for beginners. It features adjustable straps, three Octo and Instrument pockets, and is a comfortable fit, ideal for rental and recreational use. It is made with **ResisteK** material which resists fading and abrasion in both salt and chlorinated water.

PSI Mini 2K Console

PSI Slimline Console

The PSI Mini 2K (compact) or Slimline Gauges are affordable and durable pressure gauges offering precise readings up to 400bar, with a clear and luminous easy-to-read display. An ideal instrument for dive operators.

Aqualung offers a Reliable, Robust, and Comfortable dive center school set, specially built for your rental lockers. Wetsuits and Gear Bags can be customized with your own logo.

TANKS & VALVES

WEIGHT BELT & BUCKLE

AL-SAFE Cylinder

Seamless 6061-T6 high strength aluminum, made to DOT-3AL or ISO 7866 certified standards

PSI K Valve

Made in Italy and compatible with Thermo parts, DIN/INT both come with safety burst disk

PSI Valve Pro

PSI Lead Weight 1.0 KG

Lead weights in 1kg size for threading onto weight belt

PSI Weight Belt + Buckle

Weight belt with metal buckle 3 slots, 1.4 or 1.8 meters Blue / Black

RENTAL GEAR

Affordable wetsuit 3mm made from DuraFlex Neoprene. It offers more comfort and a longer lasting in Rental environment.

PSI Colby Jumpsuit 3mm **PSI Colby Shorty 3mm**

PSI Adventure II Mask

A two-window affordable mask with tempered glass lenses and a silicone skirt for comfort.

PSI Vera Mask

Single-lens frameless mask with an ultra-clear HD lens, Extra soft silicone skirt for comfort, and a secure fit.

PSI Adventure II Snorkel

Silicone snorkel with dry top, purge valve, and flexible joint.

PSI Logbook

Keep your divers organized and promote your brand with our custom-printed logbooks.

PSI Racer Fins

Durable open-heel fin made from vulcanized rubber with replaceable spring straps and barefoot comfort.

Aqualung Wind Fins

Durable, lightweight and affordable full foot fins, perfect for warm water diving.

PSI Runner Fins

CREST CR1

A tough rental-grade dive computer with simple two-button operation and a user-replaceable CR2450 battery.

Aqualung i300C(R)

Rental-tough with two-button control, quick resets, multiple modes, Bluetooth log transfer, and user-replaceable battery.

PSI Gear Bag

Affordable and Durable 90L bag with a reinforced bottom and edges, U-shaped zipper, and transparent side pocket for identification.

PSI Gear Bag - Mesh version

NARDI COMPRESSOR

Nardi Pacific P

Nardi Atlantic 100L

PACIFIC P SERIES by NARDI Compressor

The Pacific P series is a range of compressors which offer fill rates from 160LPM up to 350LPM. They are highly efficient and are very robust. They come with a 3-phase electric motor.

Also available with optional automatic condensate drain & final pressure cut off switch, larger filter tower & cartridge.

ATLANTIC SERIES 100 L/min by NARDI Compressor

Reliable, durable, and versatile, the Atlantic compressor has a fill rate of 100 L/min.

MOLECULAR SIEVE

13X Molecular Sieve is known for its potential to adsorb a wide range of impurities, such as carbon dioxide and hydrogen sulfide, making it ideal for environments with excessive contamination dangers.

ACTIVATED CARBON

An activated carbon filter (e.g., charcoal) filter removes aerosolized oils and hydrocarbons from the air stream to improve taste and smell.

SYNTHETIC OIL

Shell Corena S4 P 100 is an Advanced Synthetic ISO VG 100 grade Reciprocating (Piston) Air Compressor Oil.

AQUALUNG LEG3ND ELITE Black Edition

The **Leg3nd Elite Black Edition** is the perfect combination of high function and stunning design. An aesthetic masterpiece made with stainless-steel parts, intuitive ergonomics are at your fingertips. Diving experts will appreciate the technical precision of this high-performance regulator.

Technical Features

1st stage

ACD **AUTO CLOSURE DEVICE**
ACD prevents water and debris from reaching 1st stage parts or lubrication, maintaining oxygen compatibility and extending life between services.

BLACK COATING
Durable stainless-steel parts are coated in a black Titadur® treatment for superior durability.

DE-ICE
Ice formation is deterred by deep ribs which provide increased surface area, an overmolded cap, and an integrated dry chamber.

PERMANENT DRY CHAMBER
Dry chamber protects internal parts from water or contaminant damage, providing extreme durability.

PERFORMANCE HIGH PRESSURE SEAT

OVER BALANCED MECHANISM

DUST CAP PROTECTION

2nd stage

AIR CHANNEL DEFLECTOR
Bi-material component directs air evenly through the 2nd stage and lowers exhalation effort.

COVER OPENING CHANNELS
Wider opening allows water to pass sideways over the diaphragm, preventing freeflow in strong currents and reducing cracking effort.

COMFOBITE

INTERCHANGEABLE MOUTH PIECE

AQUALUNG LEG3ND ELITE

The LEG3ND ELITE gives divers unprecedented capabilities by providing perfect precision and enhanced ergonomics at your fingertips. Advanced divers appreciate the independent micro adjustments to fine-tune their own individual breathing preferences.

Inhalation adjustment knob: Allows the diver to precisely adjust the opening effort sensitivity.

- At "MIN" position the assistance of the valve is minimized, resulting in lower opening effort sensitivity.
- At "MAX" position the assistance of the valve is maximized, resulting in higher opening effort sensitivity.

Overmolded with "soft touch" elastomer, the ergonomically designed switch perfectly controls the venturi effect, either allowing or containing a natural freeflow.

AQUALUNG LEG3ND MBS

The first inhalation under water is the start of a new adventure. The revolutionary combination of venturi effect and inhalation effort adjustment is natural and intuitive. Aqualung's Master Breathing System allows divers to control both in one simple rotation. All depths, all conditions, all dives - MBS will adapt.

The Master Breathing System is a new way to adjust the comfort on a second stage. The diver can perfectly master breathing comfort in one simple rotation. The MBS is a unique combined adjustment, it controls the inhalation effort and the venturi effect automatically.

With the MBS on minimum position (only one full rotation): The spring is fully compressed and the inhalation effort is about 3 mbar higher. A free flow is contained when the venturi blade restricts the injection outlet.

With the MBS on maximum position :
The injection of the airstream is unrestricted and the flow is maximized.

AQUALUNG LEG3ND

When performance is your highest priority, LEG3ND is the answer. The LEG3ND shares the same breathing characteristics with the LEG3ND ELITE and LEG3ND MBS. The familiar venturi switch now features an updated and ergonomic design. Because your sensations and emotions are amplified in the underwater world, you can focus on what matters: feeling free.

Overmolded with "soft touch" elastomer, the ergonomically designed switch perfectly controls the venturi effect, either allowing or containing a natural freeflow

RQ132115	PACK LEG3ND YOKE + OCTOPUS RG148000 + RS119005	

AQUALUNG LEG3ND OCTOPUS

The LEG3ND Octo is the perfect complement to the Legend regulator family. The high-visibility yellow color makes it easy to find when it's needed most, while the pneumatically-balanced second stage results in smooth, easy breathing. A venturi switch helps prevent free-flow at the surface. The opening effort is pre-set in a fixed position so the diver doesn't have to worry about adjusting the regulator during the dive. Excellent cold-water performance due to highly efficient heat exchanger surrounding the valve.

REF	DESIGNATION	RETAIL
RS119005	LEG3ND OCTOPUS - Balanced	

AQUALUNG HELIX COMPACT PRO

You don't need to be big to make a big impact. That thinking inspired the Helix Compact Pro, the smallest and most compact regulator Aqualung has ever produced. This amazing piece of technology is equally designed for both warm and cold water, meaning it's perfect for jetsetters on the go, minimalists packing light, and even local divers who simply want unequalled performance per ounce.

Technical Features

- **AUTO CLOSURE DEVICE (ACD)** prevents water and debris from reaching 1st stage parts or lubrication, maintaining oxygen compatibility and extending life between services.
- **PERMANENT DRY CHAMBER** protects internal parts from water or contaminant damage, providing extreme durability.
- **PERFORMANCE HIGH PRESSURE SEAT**
- **DUST CAP PROTECTION**
- **COMFOBITE** Patented Aqualung exclusive mouthpiece featuring a palate bridge to reduce jaw fatigue and keep the 2nd stage secure mouthpiece reduces jaw fatigue. Secures the 2nd stage more comfortably.
- **COVER OPENING CHANNELS** Wider opening allows water to pass sideways over the diaphragm, preventing freeflow in strong currents and reducing cracking effort.
- **INTERCHANGEABLE MOUTH PIECE**

RG154003	Helix Compact PRO, Din	
RQ137000	Pack HELIX Compact PRO Yoke or DIN + Octo	

AQUALUNG HELIX COMPACT OCTOPUS

The Helix Compact Pro Octopus provides the same great performance as the Helix Compact Pro primary second stage. This small compact and friendly octopus is the one you want to take on your next dive trip.

Technical Features

- The light and small Helix Compact Pro is Pneumatically-balanced resulting in smooth and easy breathing
- Heat exchanger (patented) which surrounds the valve mechanism, dissipates the cold caused by gas expansion while drawing in the warmth of the ambient water
- The in line venturi lever prevents unwanted freeflow at the surface while giving a performance boost at depth
- Includes 1m yellow hose and yellow front cover making it easy to locate in an emergency

REF	DESIGNATION	RETAIL
RS146000	Helix Compact Octopus	

AQUALUNG HELIX PRO

This mid-range regulator is balanced on first and second stages, it is our core range. It represents the DNA of the Aqualung regulators. It is certainly the best value for the next coming years. It benefits from the patented ACD technology. The first stage is fully protected even when the regulator is not under pressure. The Aqualung Helix Pro can be serviced every 2 years.

Technical Features

- Balanced diaphragm 1st stage provides superior, consistent performance
- "T" shape body for streamlined hose positioning
- Integrated dry chamber keeps inner components clean and dry by isolating them from the outside environment
- Heat exchangers on second stage help to prevent ice forming on the mechanism
- In-line ergonomic Venturi knob allows for precise adjustments, even while wearing gloves

AQUALUNG HELIX OCTOPUS

The Helix Pro octopus provides the same great performance as the Helix Pro primary second stage.

Technical Features

- The Helix octopus is pneumatically-balanced resulting in smooth and easy breathing
- A heat exchanger (patented) which surrounds the valve mechanism, dissipates the cold caused by gas expansion while drawing in the warmth of the ambient water
- The easy-to-grip venturi lever prevents unwanted freeflow at the surface while giving a performance boost at depth
- Includes 1m yellow hose and yellow front cover making it easy to locate in an emergency

REF	DESIGNATION	RETAIL
RS144001	Helix Octopus	

AQUALUNG TITAN

Incorporating all the best features of its predecessors, this third generation Titan has new innovative features resulting in a more comfortable, lighter-weight and easier-breathing regulator. From the consumer that wants performance at an affordable price to the dive center that wants a rugged and easy to maintain regulator, the Titan delivers.

Technical Features

First Stage:

- Uses a balanced-diaphragm mechanism resulting in ease-of-breathing and consistent performance while environmentally protecting the internal parts
- The first stage is T-shaped as opposed to its in-line predecessor making it more compact and providing optimal hose routings
- Features 2 HP ports and 4 MP ports
- The unique, forged body of the first stage uses less brass making it more compact and lighter weight
- The outer skin provides impact protection as well as a cosmetic flair
- Now uses a conical filter for better filtration
- Accepts an optional ACD (auto-closure device) system
- Improved yoke screw eliminates trapped water
- Compatible with EAN 40 new, out of the box

Second Stage:

- New, mid-size, high performance demand valve second stage
- Easy-to-grip venturi knob stops unwanted freeflow when the regulator is out of your mouth
- Can easily be reversed from right-handed to left-handed configuration by an authorized Aqualung dealer without additional parts
- Comes with Aqualung's Comfo-bite™ mouthpiece which reduces jaw fatigue
- A grid built into the exhaust tee creates finer exhaust bubbles for less noise and more stability
- All new, easy purge front cover
- A new, reinforced polycarbonate material makes this second stage stronger than its predecessor
- The side openings on the front cover prevent freeflow when facing into currents or riding a scooter

REF	DESIGNATION	RETAIL
RG128111	Titan, Yoke	

AQUALUNG CALYPSO

The **Calypso** is always emulated but never equaled. It is compact, lightweight, easy to clean, pack, and maintain. It is durable and dependable in even the most demanding conditions, the perfect tool for dive centers.

Technical Features

- The large-diameter piston gives you more stable pressure out.
- Designed with large holes in end caps for easy cleaning and better thermal exchange and improved resistance to freezing.
- Includes a 2nd filter, which can be changed without dismantling and provides increased protection from polluted air.
- In-line ergonomic Venturi knob allows for precise adjustments, even while wearing gloves.

REF	DESIGNATION	WEIGHT	RETAIL
RG126111	Calypso Classic	1 kg.

PSI MAUI

SIMPLE, DURABLE, ECONOMICAL. It's the perfect go-anywhere regulator for warm water both new divers and recreational divers who like to keep their diving simple and fun.

PSI Maui First Stage

- Classic downstream piston
- Chrome plated brass body
- Low pressure ports: 4
- High pressure ports: 1
- Available in 3364psi/232bar INT configuration.
- Air flow administered at 2100 l/min
- Weight: INT 230 – 24.9oz/706g; /DIN 300 – 17.1oz/485g.

PSI Maui Second Stage

- Classic downstream valve
- Hypoallergenic silicone mouthpiece
- Left/right hose attachment
- Weight: 165g / 5.8oz
- Air flow at 200 bar: 1400 l/min
- Maximum low pressure: 14 bar / 203 PSI

REF	DESIGNATION	RETAIL

TECLINE R1 REC1

Tecline Regulator R1/REC1

The Tecline R1 REC1 Set I is a complete and reliable regulator setup, ideal for recreational scuba divers who value durability, performance, and simplicity. Whether you are a new diver or an experienced one looking for a dependable set, this configuration delivers optimal breathing performance with minimal maintenance needs.

At the heart of the set is the Tecline R1 PRO piston first stage. Known for its robust construction and user-friendly design, the R1 PRO offers consistent performance in warm and moderate water temperatures. Its piston mechanism is easy to service, making it a practical choice for divers who want a no-fuss, reliable first stage.

The set includes two Tecline REC1 second stages—one as your primary and one as the octopus. These second stages are engineered to deliver smooth and natural breathing, even at depth. Their ergonomic design and lightweight body provide added comfort during long dives. The octopus comes in a high-visibility yellow color for added safety and ease of access during emergencies.

Also included is a 52 mm submersible pressure gauge (SPG), which gives you an accurate reading of your remaining tank pressure at a glance. This SPG is built with a clear, durable display that remains readable even in low visibility conditions.

The hose configuration features:

- LP 0.70m Proflex black hose (for the primary second stage)
- LP 0.90m Proflex yellow hose (for the octopus)
- HP 0.80m rubber black hose (for the SPG)

To complete the package, everything comes neatly packed in a durable Tecline carrying bag, making transport and storage easy and organized.

The R1 REC1 is a great choice for divers who want a trusted, high-performance regulator set with customization options and Tecline's proven quality.

R1 REC1 100% O2 SET

R1 REC1+OCTO+SPG SET I

TECLINE R2 / TEC1

Tecline R2/TEC1 Regulator

Four medium-pressure ports all mounted on a rotating turret. This results in optimal hose routing while eliminating sharp bends in the hose.

An optional 5th port is available for side mount or twin-cylinder set ups.

Can be converted from a right-handed hose configuration to a left-handed one. The process of changing the regulator to a left-handed configuration is both quick and simple. However this procedure must ONLY be performed by an TECLINE Authorized Service Technician.

Available in DIN configuration.

Braided flexi-hoses are now standard on all models. These hoses are lighter-weight, more flexible, and more durable.

First Stage:

- Turret style first stage
- Unique over-balanced, diaphragm design – as the diver descends, the over-balancing feature allows the medium-pressure gas in the hose to increase at a rate faster than ambient. This results in superior performance at depth.
- 2 HP ports and 4 MP ports on a rotating turret are angled for optimum hose routing
- An environmental dry system keeps water out of the main spring chamber thus preventing ice buildup and keeping silt and contamination out.

Second Stage

- The pneumatically balanced second stage results in smooth, easy breathing.
- The large venturi lever has a soft-touch rubber grip, which makes it easier to locate and use. The lever reduces the amount of grit ingress and therefore resists any possible friction giving a smooth operation.
- Easy-to-grip opening effort control knob keeps the diver in control.
- A silicone exhaust valve improves the breathing performance of the regulator.
- The Comfort mouthpiece virtually eliminates jaw fatigue.
- A heat exchanger (patented) which surrounds the valve mechanism, dissipates the cold caused by gas expansion while drawing in the warmth of the ambient water.

R2 TEC1+OCTO

R2 TEC1+OCTO+SPG SET I

TECLINE R5 / TEC1

Tecline R5/TEC1 Regulator

Tecline R5 TEC1 with TEC1 octopus and bag for the recreational diving with a single cylinder in cold and warm waters. Lightweight, classic and universal, reliable and easy to service. Breathing parameters in accordance with EN250A.

Second stage TEC1:

- Lightweight, universal second degree.
- Classic design – reliable and easy to service.
- Breathing parameters in accordance with EN250A – confirmation of the highest quality and safe use even in the coldest waters.

TEC1 specification:

- Pneumatically balanced.
- Venturi effect control lever.
- Breathing resistance regulation.
- Aluminum outer ring.
- Additional heat exchanger for cold water.
- Weight: 250g
- Ergonomic mouthpiece.

First stage R5:

- Advanced automat for demanding divers.
- Optimized port arrangement.
- Light breathing even in the most difficult conditions.
- Extraordinary breathing parameters exceeding the requirements of the latest EN250A standard for cold water vending machines.

R5 specification:

- Balanced membrane system.
- Dry chamber.
- Extra cold kit for cold water.
- Ports: 4x LP, 2x HP.
- Output of LP and HP ports facilitating configuration of double-cylinder sets.
- Max working pressure: 300 bar.
- Max flow rate at 20 mpa pressure: 3823 l / min.
- Pres. interstage: 9.0 bar.
- Material: sea bronze.
- Weight: 822 g.
- Works in configurations:
 - A single cylinder – very good.
 - Twinset – very good.
 - Sidemount – not recommended.

TECLINE SIDEMOUNT REGULATOR R2/TEC1

TECLINE SIDEMOUNT REGULATOR SET R2/TEC1

Discover freedom with the Tecline Sidemount Regulator Set. Unleash versatility and performance designed for the modern diver seeking ultimate flexibility and control. This innovative system revolutionizes sidemount diving, offering unmatched comfort, reliability, and precision.

Sidemount Tecline regulator Key Features:

- **Durable Construction:** Made from corrosion-resistant materials for long-lasting reliability.
- **Ergonomic Design:** Swivel hose connections and comfortable mouthpieces reduce jaw fatigue.
- **Seamless Integration:** Compact and lightweight stages with flexible hose routing maximize mobility and minimize drag.
- **Versatility:** Perfect for exploring caves, wrecks, or coral reefs, the TECLINE Sidemount Set R2/TEC1 offers advanced engineering and user-friendly design for both novice and experienced divers. The Tecline Sidemount Regulator Set is CE approved EN250A sidemount kit specifically for this type of diving.

Why Choose the TECLINE Sidemount Regulator Set R2/TEC1?

- **Reliability:** Dependable performance for every dive.
- **Efficiency:** Easy installation and intuitive use.
- **Comfort:** Ergonomic features for extended diving sessions.
- **Versatility:** Ideal for various diving environments and styles.

Join the ranks of elite divers who trust Tecline for their diving needs. Experience the Tecline Sidemount Regulator Set and unlock a new level of performance, comfort, and reliability in sidemount diving

The TECLINE Sidemount regulator set consists of:

- 1st Stage R2 TEC x 2
- 2nd Stage TEC1 x 2
- SPG (52mm) x 2
- Hoses:
 - LP 1.93m Proflex Black
 - LP 0.65m Proflex Black
 - 2x HP 0.20m
 - Bolt Snap (88mm)
- Tecline Bag
- The Tecline Sidemount Regulator Set is CE approved EN250A sidemount kit specifically for this type of diving.

[EN250A CE1463]

ROGUE

You're an accomplished diver who knows exactly what you want. The Rogue BCD is the perfect blend of personalization and minimalist design: all the features you need, none of the fluff you don't. Unique ModLock connector system makes possible 27 different configurations for your most comfortable fit. Overall weight of just 2.5kg/5.5lbs.

- Pockets, stainless D-rings, Octo holder, knife attachment point
- Webbed daisy chain, often found on military gear, provides multiple attachment points for your accessories
- Back inflation BCD with 15L/35lbs lift capacity
- GripLock™ tank band – patent pending finger-saver feature and macro presets create an easy and safe solution for securing and detaching a cylinder to a BC
- A new 3 position bladder retraction system pulls in the sides of the bladder during deflation keeping the unit streamlined and reducing drag
- Chest strap for personalized comfort
- Features 4 Stainless Steel D-rings for streamlined accessory attachment
- Upper and lower right pull dump. Upper pull dump is connected using the TwistLock Technology
- SureLock II™ Weight System (patented) - allows you to easily insert the weight pouch and an audible “click” lets you know the weights are secure in the BC. Once engaged, the weights can be released with a firm pull of the handle
- Optional
 - o Trim pockets (1.5kg/3lbs)
 - o SMB pocket
 - o Waistband Extender

AQUALUNG OMNI

Created for anyone who wants to fully customize their dive gear, the Omni is a revolutionary jacket-style BCD designed to fit your specific style and size. Bringing ModLock™ technology popularized by our Rogue & Outlaw BCD's connector system, the Omni allows you to choose from 3 universal sizing components: for your back, your shoulders and your waist, allowing for dozens of size combinations. Continue your customization by choosing from multiple accessory options and 6 color kits. This is the ideal platform to create your perfect fit and you've got an infinity of possible configurations!

Technical Features

- Modlock™ connectors allow for interchangeable back, shoulders and waist strap components to create dozens of possible sizes and configurations.
- Modlock™ connectors easily click into place and are simply unlocked with a small tool such as a key or pen.
- Color kits available in 6 options with the following components: back pad, reusable mesh bag, Surelock™ II weight pockets, octo pocket, console holder, inflator hold down, zipper pulls, and chest strap slider.
- Customizable jacket style BCD with the most desired features: zippered pockets, stainless steel D-rings, octo holder & knife attachment point.
- GripLock™ tank band – patent pending finger-saver feature and macro presets create an easy and safe solution for securing and detaching a cylinder to the BCD.
- Patented SureLock II™ Weight System - allows you to easily insert the weight pouch and an audible "click" lets you know the weights are secure in the BCD. Once engaged, the weights can be released with a firm pull of the handle.
- A new 3-position bladder retraction system pulls in the sides of the bladder during deflation keeping the unit streamlined and reducing drag.
- Adjustable chest strap for personalized comfort.
- Features 4 Stainless Steel D-rings for streamlined accessory attachment.
- Both upper and lower right pull dump valves.

Optional

- Trim pockets (1.5kg/3lbs)
- SMB pocket
- Waistband Extender

AQUALUNG PRO HD MEN

The Pro HD is a wrap-around jacket with weight integration that is sure to appeal to a wide range of divers. It provides excellent value because it is so feature-rich for the price. Wherever you want to take it, it's ready to go.

Technical Features

- **PATENTED SURELOCK II WEIGHT SYSTEM**: Single-pull weight release with patented SureLock II Mechanical Weight Release System.
- **Configurable**: Some divers may prefer to run their instruments behind the left pocket and out the scooped opening on top, in front of the lobe.
- **Gear Up!** Multiple pockets, D-rings, and knife attachment points make stowing and accessing gear easy.

AQUALUNG PRO HD WOMEN

Strong. Sleek. Secure. The Pearl is a wrap-around, jacket-style BCD designed to fit the female diver. With its adjustable waistband and specially curved shoulder straps, you can customize it for a perfect fit. Plus, its lower profile lobes and shorter torso length help it rest comfortably on the hips.

Technical Features

- **HYBRID JACKET ADV-STYLE** jacket combined with back inflation unit gives you the best of both worlds: a streamlined profile during your dive and the ability to float comfortably at the surface.
- **PATENTED SURELOCK II WEIGHT SYSTEM** Single-pull weight release with patented SureLock II Mechanical Weight Release System
- **OCTO POCKETS** Two octo-pockets locations for versatility: right lobe and top of front lobe.
- **Gear Up!** Multiple pockets, D-rings, and knife attachment points make stowing and accessing gear easy.

AQUALUNG PRO HD COMPACT

Tired of paying excess baggage fees? This ultra-light, weight-integrated, back-inflation BCD is everything you need without extra weight or bulk. Lift it and feel for yourself that even a ML/LG weighs less than 4.75lb/2.2kg with airway and weight pockets included! Can be packed flat or rolled. The perfect BCD for travel.

Technical Features

- Innovative tank support system eliminates the need for a hard pack.
- A valve strap pulls the top of the cylinder in towards the center of gravity, transferring the load to the hips and relieving the shoulders.
- **PATENTED SURELOCK II WEIGHT SYSTEM**
Single-pull weight release with patented SureLock II Mechanical Weight Release System.
- Great packability – flat or rolled.

AXIOM – MEN

If you want the perfect comfort, fit, and performance for your dive, then you want the **Axiom**. Our innovative jacket-style BCD has an inner Wraptide harness that holds you tight and keeps you upright by distributing tank weight. This BCD provides the ultimate in diving luxury along with unmatched buoyancy support for easy trim and more stability to make underwater movements seamless.

TECHNICAL FEATURES

WRAPTURE HARNESS

An ultra-thin inner harness that fixes the BCD snug to the body to prevent riding up in the water while also distributing weight evenly by holding the tank closer to your center of gravity so you can stand and walk upright with ease.

SWEVELING BUCKLES

As you adjust the webbing, the buckle turns automatically to follow the fit of your torso.

SURE LOCK II

Snap in the integrated SureLock II Weight Release System pockets with an audible "click" and quickly remove them with one smooth pull.

AXIOM i3+ MEN'S

Power. Performance. Peace of mind. That's the Axiom i3+ Men's BCD. The incorporated exclusive i3+ inflation/deflation system means perfecting your buoyancy has never been so easy. Our innovative jacket-style BCD has an inner Wrapture harness that holds you tight and keeps you upright by distributing tank weight. Focus on the important part of diving-enjoying it-with the Axiom i3+.

Technical Features

WRAPTURE HARNESS™

An ultra-thin inner harness that fixes the BCD snug to the body to prevent riding up in the water while also distributing weight evenly by holding the tank closer to your center of gravity so you can stand and walk upright with ease.

SURELOCK II

Snap in the integrated SureLock II Weight Release System pockets with an audible "click" and quickly remove them with one smooth pull.

GRIPLOCK TANK BAND

Finger-saving feature and macro presets create an easy and safe solution for securing and detaching a cylinder to the BCD.

SWIVELING BUCKLES

As you adjust the webbing, the buckle turns automatically to follow the fit of your torso.

i3+

Exclusive to Aqualung, divers can adjust buoyancy with a simple side lever. Pulling up inflates in small or large bursts, and pushing down opens all the exhaust valves to vent without adjusting body position.

BLADDER RETRACTION SYSTEM

Bladder retraction system pulls in the sides of the bladder during deflation to keep you streamlined and reduce drag.

ERGONOMICALLY DESIGNED FOR WOMEN:
The shortened shape of the BCD along with the scalloped sides take pressure off the hips and provide a comfortable fit for the female shape.

AQUALUNG DIMENSION

- HP hose routings through the back keep your entire kit low profile thus minimizing drag.
- The low profile flat valves reduce drag when moving through the water.
- A bladder retraction system is used to pull in the sides of the bladder during deflation. This keeps unit streamlined and reduces drag.
- Adjustable chest strap for personal comfort.
- A clever octo-pocket on the right lobe secures the octopus while keeping it accessible and visible throughout the dive.
- Two large, easy-to-access utility pockets are found on either side of the Dimension.
- Easy-to-access knife attachment points on the left lobe accommodate most of the Aqualung knives.
- Features 4 stainless steel D-rings and 4 plastic D-rings (1 is located inside the left pocket) for all of your accessories.
- The Right shoulder pull dump provides an additional dumping option.
- Rolled neoprene neck collar for comfort.
- Non-ditchable weight pockets on the back of the BC help the diver achieve proper positioning in the water.
- All sizes are capable of holding up to 30 lbs / 13.5 kg of lead weight.
- Optional accessories include the Airsource, Squeeze lock knife and reflector kit.

MEASUREMENT INSTRUCTIONS

Waist size in men is normally measured by placing the measuring tape around the waist, cresting the pelvic bone. This measurement is not accurate for BC fitting. The waist size in men should be measured at the height of the belly button just above the pelvic bone (Figure 1). Women's waist size is always measured just above the pelvic bone (Figure 1). This same measurement applies for BC fitting.

Over The Shoulder (OTS) measurement is taken by placing the measuring tape across either the right or left shoulder and reading the distance between the top of the waist line on the back to the top of the waist line in the front (Figure 2). Again, for this measurement in men the waistline is taken to be at the height of the belly button. When fitting the customer in his/her respective waist size and OTS range, inquire what thickness of wetsuit the BC is most likely to be worn with. Calculate about a 2" allowance for the waist measurements for thick, cold water suits.

FIGURE 1: Measuring points for waist size.

FIGURE 2: Measuring points for OTS length.

WAVE

TOP RENTAL

When you think of the Wave BC, you think of an entry-level model that is rugged and fade resistant. With this latest Wave however, you get so much more. You now get a stylish BC that has the clever ability to add weight integration! Dive in its standard form using a weight belt and then upgrade to weight pockets, featuring our SureLock™ II weight system, whenever you're ready. It's versatile, it's rugged, it's sharp, it's a Wave.

- Made from tough, fade-resistant 1000D Armorshield™ Cordura®
- Accepts an optional SureLock II weight system (available separately)
- Comes in six sizes! XXS – XL
- A scooped octo-pocket on the top front of the right lobe makes it easy to deploy and stow an octopus.
- Ability to run instrument console behind the left lobe and out the scooped instrument opening on the top front of the lobe
- Features two stainless steel flat D-rings
- Two large utility pockets are easily accessible and large enough to hold all of your accessories.
- Right shoulder pull dump with hi-viz orange pull bob
- Right, lower rear dump with hi-viz orange pull bob
- The waistband is adjustable and removable
- Includes a chest strap

SIZE XXS ALSO FEATURES:

- A detachable double, adjusting crotch strap made with neoprene center for extra comfort
- An Optional tank band for 30 cu. ft. cylinder (Part number: 427056)

Due to the popularity of this BC in rental fleets, **the inflator hose is not included.**

MEASURING POINTS FOR WAIST SIZE

Men are measured at waistline, rather than normal beltline

MEASURING POINTS FOR OTS LENGTH

OCEANSPORT BCD

The Oceanic OceanSport BCD delivers the reliability and toughness that dive centers, instructors, and recreational divers depend on. Engineered from durable, fade-resistant 800D Ballistic nylon, it's designed to handle the rigors of daily use — in the pool, in saltwater, and under the tropical sun.

Whether you're equipping a dive school or upgrading your personal gear, the OceanSport is a true workhorse that offers comfort, stability, and Oceanic's trusted build quality.

Technical Features

- **Ballistic Nylon – Built for Heavy Use** Designed for dive centers and training environments, the OceanSport uses high-quality Ballistic nylon that resists fading, chlorine, and abrasion — keeping its professional look and feel season after season.
- **Comfortable Fit for All Divers** Available in a wide range of sizes, with adjustable cummerbund, waist, and chest straps for a secure and personalized fit.
- **Practical Storage and Streamlined Design** Two large Velcro® side pockets provide space for accessories like a light or backup mask. Integrated backpack with handle makes transportation easy between dives.
- **Streamlined Octo and Instrument Pockets** The OceanPro includes dedicated pockets for your octopus and gauges, helping you keep your setup clean, streamlined, and tangle-free — a favorite feature among dive instructors and professionals.
- **Effortless Buoyancy and Stability** The classic jacket design offers stable surface flotation and easy trim underwater, ideal for beginner and intermediate divers.

OCEANPRO BCD

The Oceanic OceanPro BCD is a true workhorse in the diving world — trusted by professionals, instructors, and rental centers alike for its unbeatable combination of comfort, functionality, and long-lasting build quality.

Engineered from 1000 denier fadeless ballistic nylon, this BCD resists fading, abrasion, and wear even after years of intense diving, keeping its professional look and feel season after season.

Technical Features

- **QLR4 Quick Lock & Release Weight System** The OceanPro comes with Oceanic's patented QLR4 Weight Integration System. The "positive-lock" design keeps your weights secure during the dive, yet allows quick, effortless release when needed.
- **Reliant Integrated Inflator** Oceanic's ergonomically designed inflator offers smooth and precise control in any position. Fine-tune your buoyancy with a gentle press or fully inflate quickly when needed. A large exhaust valve ensures rapid air release and superior control during ascents.
- **Adjustable Comfort Fit** Featuring an adjustable cummerbund with up to 8 inches of flexibility, the OceanPro ensures a custom fit for every diver. The padded backpack provides excellent comfort both above and below the surface without compromising stability.
- **Spacious Storage** Two large main pockets with Velcro® closures provide ample room for essentials like your light, mask, or diving slates.

TECLINE PEANUT 11 13 16 TRAVEL SET COMFORT

NEW
2025

To date, the wing under one cylinder Tecline "Peanut 16" – is the first and only asymmetrical wing in the world. Tecline Peanut 16 Asymmetric Wing (16L capacity) helps to achieve a more stable, comfortable position

Tecline Peanut asymmetric is a series of bags with unique features:

- Extremely large capacity of 16 L at a very small outer contour.
- Very low weight of 890g.
- Lift capacity: 16kg/35lbs
- Outer layer is made of extremely soft Cordura 1000D.
- Inner bladder made of PU210.
- The asymmetric shape of the outlet for the inflator ensures easy dumping of gases.
- 3D construction enhances safety by the high position of the diver on the surface.
- The shape of the wing guarantees perfect management of the hoses coming out from the regulators In complete:
- "Peanut 16", Alu BP, backplate soft pad "H", soft back pad with buoy pocket, 2 weight pockets, 2 tank belts.

TECLINE SIDEMOUNT 16 BCD

NEW
2025

The TECLINE Sidemount BCD Avenger Side16 is the cornerstone of the sidemount diving system, offering streamlined comfort and stability in the water. Designed to accommodate multiple tanks along the diver's sides, sidemount BCDs provide optimal buoyancy control and trim, allowing divers to maintain a horizontal position effortlessly while conserving energy and air.

Ideal for cave and recreational diving. CERTIFICATE CE EN1809 CE1463

The TECLINE Sidemount BCD Kit is one of the easiest on the market to configure and adjust the harness. The harness may be separately adjustable shoulder belts and / or belt ventral with easy adjustment that makes the best set of learning. Wing and harness form a single integrated set.

Tecline Sidemount 16 Avenger Set Features:

- Buoyancy: 16kg
- DIR harness that preserves the purity
- The possibility of adding up to 19 kg of ballast
- 2 sets of additional ballast pockets available in 2 sizes (2 kg and 4.5 kg)
- 4 integrated ballast pockets (10kg total), which distributes the load in an ideal position on the back of the diver. These pockets are positioned slightly outwardly and below to provide a better finish and streamlining
- Pockets ballast abdominal belt will help divers dry suit by placing extra ballast towards the lower part of the body
- Pressure relief valve in a strategic and protected place on the lower back of the bag for easy emptying gas in the horizontal or upside down
- The low profile of the bag reduces the resistance and the risk of being stuck
- Inflator can be placed to the left and right
- Detachable beaver tail for attaching heavier steel cylinders and accessories

i330R

Dive Computer

The i330R is the ideal choice for advanced divers who love exploring the world and need to rely on their dive computers anywhere they are. Thanks to its bright color screen, readable even in sunlight and its rechargeable battery, it won't let you down. With its 4 modes, 3 nitrox mixes, and Bluetooth connection, this is the best value for money dive computer from our line-up. Even on the other side of the world, stay connected with your friends and share the details of your diving adventures on social media via the Diverlog+ app from your mobile device.

Technical Features

BT 5.0
Bluetooth with twice the data transfer speed (2 Mbps) for uninterrupted connection and four times the communication distance as compared to Bluetooth 4.2.

IPS
IPS ("In-Plane Switching") screens provide better visuals with richer colors and accurate viewing from all angles, even in direct sunlight.

MAGNETIC CHARGING CONNECTION
Power your dive computer in a snap with Aqualung's magnetic charging cable.

NATO STRAP
This unique strap design doubles back to create a full loop. A simple buckle closure helps the computer stay centered and fastened on your wrist.

AQUALUNG i300C (R)

Bluetooth technology is now added to the popular i300C, making it even simpler to use

- **Bluetooth connectivity.** Now equipped with Bluetooth technology that offers the user a simple and quick wireless exchange of dive log information with the DiverLog app and fast connections with their buddies on social media
- **4 operating modes.** Air, Nitrox, Gauge (with run timer) and Free Dive (tracks calculations to allow switching between DIVE and Free)
- **User-changeable battery and data retention.** Maintains settings and calculations between battery changes
- **3 Gas computer.** Able to switch up to three gases underwater
- **Backlighting.** For easy reading in low light

OTHER MAIN FEATURES

- Audible alarms and additional high-visibility LED warning light for increased safety
- User-updatable software gives access to the latest features and upgrades
- Pre-Dive planning feature allows a preview of your next dive
- Water activation feature, to give a no-worries start to the dive
- Single button press access to last dive display (max depth and bottom time)
- History Mode includes total number of dives, max depth, total dive hours and lowest temperature
- 3 Nitrox mixes to 100% O₂
- Optional deep stop with countdown timer
- Salt or fresh water dive selection
- Automatic altitude adjustment ensures an accurate profile
- Simple to use with DiverLog software on the Mac, PC, or mobile platforms, which allows you to control all your dive computer settings, view Log and Profile data, add location, notes and other details, as well as store and share photos and videos. DiverLog must be purchased separately at www.ediverlog.com

CREST CREST CR1

The CREST CR1 is a durable and user-friendly dive computer designed for dive training and recreational diving. Engineered for reliability, it features a large, easy-to-read display with a simple interface, making it perfect for beginners and professionals alike.

Features

- Designed for Dive Training & Education – Ideal for diving courses, rental use, and recreational diving.
- Waterproof Battery Compartment – Easily replace the CR2450 battery yourself with the sealed compartment design.
- Multiple Dive Modes – Includes SCUBA, Gauge, and Dive Plan modes for versatile underwater use.
- Clear and Readable Display – High-contrast black-and-white LCD for enhanced visibility underwater.
- Reliable & Durable Build – Sturdy construction with wide silicone straps for a secure and comfortable fit.

Specifications

- **Depth Rating:** 100m (10 ATM)
- **Dive Algorithm:** Bühlmann ZH-L16C
- **Gas Support:** Air, Nitrox (EAN 21–99%)
- **Battery Life:** Up to 300 dives*
- **Log Storage:** 500+ dives
- **Weight:** 58g
- **Strap Type:** Silicone

PLAZMA

For new and experienced divers, the Plasma is the only frameless panoramic diving mask that delivers a perfect fit with excellent comfort from surgical grade premium silicone and ExoHex stability. The Plasma mask delivers a lightweight and compact, low-profile design in fresh, exciting color combinations and is available with Clear and Advanced Mirror lens options.

Technical Features

- No strapping design thanks to patented Micromask technology by Aqualung
- Frameless constructions utilizing Aqualung proprietary Micromask Technology
- Pressure reduction zones are incorporated into the silicone skirt at strategic points to help relieve the pressure of the mask on long dives. This engineered design utilizes these reinforced zones to improve also skirt stability at traditional weak points
- Two lens options: Clear and Amber, that reduces glares in shallow water and enhances red colors in deep water
- Quick Fit Buckles. The one-touch button release allows for easy adjustment for the best fit, even while wearing thick gloves
- Advanced Fit Technology (AFT) enhances the sealing features of the silicone skirt, improving fit, comfort and feel
- Preformed mask strap better forms to the diver's head, increasing comfort and provides a more secure fit
- Reusable protective case

AQUALUNG REVEAL ULTRAFIT

Celebrate everything the underwater world has to offer when you see it through the Reveal UltraFit dive mask. Our most comfortable mask provides the best fit with its three sizes and adaptable skirt shape for all faces. Easily interchange lenses via a snap-in frame and a special included tool. With innovative features and materials, you've never owned a more advanced mask.

Technical Features

- **UNIVERSAL ADVANCED SILICONE SKIRT** Our advanced technology and wrap-around geometrical shape made of crystal-clear, soft silicone provides the perfect fit for the widest variety of face shapes and sizes.
- **QUICK RELEASE BUCKLES** Even thick gloves won't get in the way of this one-touch adjustment system with buckles attached directly to the silicone skirt for added stability of the mask on the face.
- **ADVANCED FIT TECHNOLOGY** Only available from Aqualung, AFT creates varying textures within the silicone so it can better conform to any face shape to improve sealing and comfort.
- **PRESSURE REDUCTION ZONE** Each mask is reinforced for stability and pressure points are reduced to maximize comfort and eliminate leaks.

TECLINE FRAMELESS SUPER VIEW MASK

The Tecline Frameless Super View mask is a must-have for divers of all levels. Offering the widest field of view among frameless masks, it conforms comfortably to the face and requires minimal gas to clear water. Its hydrodynamic shape ensures efficient drainage of exhaled air, keeping the diver's view unobstructed.

Designed for technical diving and other underwater applications, this mask features a frameless construction and small volume design. Its durable metal fastening of mask strips ensures a secure fit, while the quick and easy mask strap adjustment feature provides customized comfort for every diver.

Key features include:

- Exceptional 170-degree view thanks to a short distance between glass and eyes
- Enlarged angle of view downwards
- Low volume
- Metal strap buckles
- Ultra-lightweight
- Soft, black silicone frameless mask
- Perfect adherence to the face

AQUALUNG LINEA

Technical Features

The Linea uses the Micromask technology. It's very close to the face, has a very low volume and is extremely lightweight. With its single lens the Linea offers a maximum field of vision.

- Using Micromask technology, the Linea's lens, skirt and frame are molded together in one shot as opposed to other masks where multiple pieces are snapped together. This allows the lens to come close to the face which maximizes the field of vision.
- Low volume means that the mask is easier to clear and reduces the buoyancy
- Advanced Fit Technology (AFT) uses bands of different textures around the edge of the skirt resulting in a superior seal against the face
- The mask skirt goes further back on the face enhancing the comfort and reducing the marks left behind on the face.
- The clever Comfort Buckle System (CBS) prevents the diver's hair from getting tangled in the buckle

PSI ICON

Technical Features

Style & performance, the PSI Icon mask is the ideal twin-lens mask for skin and scuba divers.

Equipped with clear HD lenses and a hi-grade silicone skirt designed for increased comfort. The Icon mask offers low-volume and optimized inclination angle that improve the field of view.

The skirt's all-in-one design ensures firm but gentle contact with the face. Pulling on the strap keeps a tight yet gentle seal leaving fewer impressions on your skin.

Low Volume – Reduced inner volume of the mask promotes a wider vertical and horizontal field of view.

The release buckle and fine pinch strap adjustability make it easy to find the most comfortable fit even when wearing thicker gloves. Can be adjusted using only one hand for better flow.

AQUALUNG ZEPHYR FLEX

Zephyr Flex's unique dual-material construction combines rigidity and flexibility for dependability and comfort. The Zephyr Flex is a corrugated snorkel, with an elliptical purge valve and an anti-shock soft splashguard. The unique construction uses two materials, one rigid to prevent collapse and the other soft to allow flexibility which reduces pressure on the diver's mouth. Thanks to the elliptical purge valve, the Zephyr Flex creates a seal against incoming water and makes easy work of purging water away. The anatomically-designed silicone mouthpiece reduces jaw fatigue and the soft splashguard top helps to reduce water entry at the surface in choppy conditions. The ergonomic snorkel retainer is easy to operate, even with thick gloves.

Technical Features

- At the very heart of the snorkel is our shaped and protected silicone Elliptical Purge Valve: the shape of the valve guarantees sealing as well as ease of purging.
- The anatomically-designed mouthpiece made from medical silicone reduces jaw fatigue.
- The joint between the mouthpiece/valve box and the corrugate is a swiveling sealed connection that rotates for a better fit.
- The corrugate is made from two materials, one rigid and the other flexible. Corrugates from other manufacturers collapse even on shallow dives. Zephyr Flex does not, thanks to the rigid skeleton that keeps it in shape. The flexibility also provides an important fitting benefit: it lets the mouthpiece set softly into the diver's mouth without stress, improving comfort and reducing jaw fatigue.
- The large snorkel retainer is very easy to use even with thick gloves, thanks to an ergonomically-designed structure.
- The D-barrel-shaped tube helps the Zephyr Flex rest more streamlined against the diver's face.
- The splashguard is made from two materials with the same corrugate technology. This rigid, yet flexible construction helps prevent potential injuries in crowded environments such as diving clubs, classes and on boats.

PSI NAUTILUS

The PSI Prodrive Nautilus Foldable snorkel rolls up and can be carried in a BC pocket or hung from a D-ring. The snorkel deploys in a snap, making it the most travel-friendly snorkel ever.

You know you're supposed to have one, but most scuba divers find a heavy, rigid plastic snorkel to be a drag on diving comfort. Therefore the PSI Prodrive Nautilus Snorkel is the solution.

This product is designed to be carried rolled up in your buoyancy vest pocket and only removed when required.

- Design for BCD pocket
- Easily snaps to its original shape when unrolled
- Food grade silicone made, safe to use.
- Different colors. Easy to match with your diving masks or fins.

PSI SHARKY JUNIOR SNORKEL

- Easy Breathability : Experience effortless breathing underwater with this dry snorkel. Its design ensures a comfortable fit and easy breathing, making it ideal for both beginners and experienced divers.
- Versatile Use : Whether you're snorkeling, scuba diving, or free diving, this snorkel is perfect for all your water-related activities. It's a must-have accessory for any aquatic enthusiast.
- Top Dry Valve : The snorkel features a top dry valve that prevents water from entering the tube, ensuring clear visibility and uninterrupted breathing even in turbulent water conditions.
- Suitable for Kids : With its user-friendly design and safety features, this snorkel is also suitable for kids. It's a fun and safe way for children to explore the underwater world.
- High-Quality Material : This snorkel is crafted from high-quality materials, guaranteeing durability and longevity. It's a reliable choice for anyone looking for a reliable and long-lasting snorkel.
- Compact Design : Its compact design makes it easy to carry and store. Whether you're heading to the beach or going on a diving trip, this snorkel is a compact addition to your gear.

LIGHT JET

If you are looking for a pair of fins that combine recreational lightness and technical functionality, look no further than the Tecline LightJet fins. The Tecline LightJet fins are made of thermoplastic vulcanisate (TPV), a new, flexible material that is also 100% recyclable. They feature an ergonomic open heel with stainless steel springs for comfortable donning, using and doffing. The blade has a hole for easy hanging and storage, and a line of additional holes along the blade for improved water flow and performance.

TECLINE LIGHTJET FINS

Try the Tecline Light Jet Fins and discover the ease and comfort of traveling with lightweight fins, weighing only 0.8kg-1.2kg, yet providing high performance.

The Tecline Light Jet fins are available in blue, white and black, and in sizes S/M, L, XL. Whether you are flutter kicking, frog kicking, back kicking or helicopter turning, the Tecline LightJet fins will give you the power and manoeuvrability you need.

Specifications:

- **Material:** Thermoplastic Vulcanisate TPV (new, flexible material with optimal properties for recreational fins, produced from recycled materials, 100% recyclable)
- **Mounting system:** Stainless steel springs
- Ergonomic shape of the boots (open heel)
- Holes for easy hanging (for storage, transport, or drying)
- Weight of one fin with springs: 0.8kg – 1.1 kg (depending on the size)
- **Available sizes:** S/M, L, XL

AQUALUNG PHAZER

From beginner to expert, Aqualung's Phazer fins, with its revolutionary composite wave rib technology, provides the perfect balance for divers to produce powerful kicks with easy but energy-maximizing movements.

Designed and produced with a tri-material construction and an advanced canalization system, everything about this fin is engineered to optimize the energy you load and release with every kick.

- **Wave Rib Technology:** The revolutionary side ribs are the heart of the Phazer fins. The elastomeric rubber sections of the ribs work together with the wave-shaped structures, accumulating (loading) the energy of every kick that is released during the kick cycle. The effect is a solid, powerful yet easy kick, suitable for beginners as well as for expert divers.
- **New Bungee Strap:** Equipped with new bungee strap and heel-pad for quick and easy donning and doffing.
- **Tri-Material Construction:** Tri-material construction optimizes every single area of the fin: foot-pocket, blade and side ribs are made with different specific advanced materials to get the best performance.
- **Hydro Power Channel:** Thanks to the engineered channel in front of the foot pocket, the water can flow through the blade, enhancing efficiency, power and stability, making the Phazer a powerful and ideal fin both for professional scuba divers and students.
- **New Canalization System:** The blade features a soft TPR membrane to better canalize water during the primary and recovery portions of the kick cycle.

AQUALUNG STORM

The Storm fins are great all-around fin ideal for travel. Produced using Monprene®, a single material construction gives both durability and strength while maintaining exceptionally light weight, exactly what the traveling diver requires. The innovative foot pocket design has the advantage of a full foot fin for comfort with the versatility of an open-heel fin for sizing. Available in a wide range of 4 sizes covering from junior to adult.

Specifications:

- Barefoot open heel storm fin, made in a single TPV compound Monprene®
- Ergonomic foot pocket ensures comfort, freedom and prevents fatigue
- Silicone bungee strap equipped with heel pad for easy on-and-off
- Strong compact blade aids in efficient power transfer
- Excellent grip on the underside to reduce slippage on deck
- Access hole in the blade for easy transport and storage
- Simplified size identification by color-coding on the bungee protector and blade insert

PSI APNEA FREEDIVING FINS

The PSI Apnea Freediving Fins are built for divers who want to maximize efficiency and comfort under water. With long, flexible blades and a secure full-foot design, they provide powerful propulsion while reducing fatigue, making them ideal for free diving. Lightweight yet durable, these fins are crafted from high-toughness Polypropylene (PP) and Thermoplastic Rubber (TPR), ensuring flexibility, resilience, and performance in all water conditions.

Specifications:

- 70cm Polypropylene (PP) Long Blade – Designed for strong thrust and efficient movement during freediving and apnea fishing.
- Softer Blade Structure – Adapts well to cold water where materials stiffen, maintaining flexibility.
- Full Foot Pocket – Thermoplastic rubber pocket with dual density for a snug and comfortable fit.
- Non-Slip Rubber Bottom – Provides reliable grip on wet, rocky, or slippery surfaces.
- Soft & Flexible Performance – Boosts pumping speed by up to 30% for energy-saving kicks.
- Interchangeable Blades – Easy to replace with long blades or carbon blades for versatile use.
- Concave Webbed Tail – Epoxy-coated for durability and scratch resistance.
- Portable Straddle Bag – Lightweight carry solution, perfect for travel.
- Durable Accessories – High-quality parts included, resistant to wear and damage.
- PP + TPR Material Construction – Ensures super flexibility (up to 90° bend) without breaking.
- Travel-Ready Bags – Comes with both a lightweight straddle bag and a mesh bag for easy packing, storage, and transport.

PSI SPRINTER FINS

The new PSI Sprinter diving fin exceeds the performance of the traditional model thanks to the use of combined dual materials that optimize efficiency. The Sprinter offers great responsiveness and thrusting power with an attractive look.

New Spring Strap is provided standard. Proven Channel Thrust technology makes the fin versatile and ideal in all diving conditions. The stabilizers improve stability, eliminating ankle twisting phenomena. The anatomical foot pocket conveys more power to the blade.

- The dual-material foot pocket offers a Power Transmission Zone to prevent stretching. This provides maximum energy transfer from diver to fin
- Equipped with a new spring strap and a heel pad for quick and easy donning and doffing.
- The Bending Zone between the blade and foot pocket allows the blade to quickly reach the optimal inclination for propulsion and water channeling
- Quick-release buckles

PSI RACER 2 OPEN HEEL FINS

Performance, Comfort, and Power — Perfectly Balanced.

The PSI Racer 2 is a compact yet powerful open heel fin designed for divers who demand efficiency and comfort in every kick. With a design inspired by modern travel fins, the Racer 2 delivers good propulsion and control whether you're exploring tropical reefs.

Key Features:

- Streamlined open heel design for maximum versatility
- Dual-material blade construction for optimal power and comfort
- Spring heel straps with ergonomic heel pad for easy use
- Compact and lightweight – perfect for travel
- Foot size to be use with booties (A size down from your current foot size will also work with a 3mm sock)
- Available in Black or White

PSI RUNNER

Engineered for warm-water divers and advanced snorkelers, the PSI Runner fins are the perfect blend of durability, performance, and affordability. Tested under extreme conditions, these fins are ideal for intensive use in diving centers or for divers seeking unmatched reliability on their underwater adventures.

Key Features:

- Ergonomic Foot Pocket: Crafted with reinforced soft materials for a snug, comfortable fit. Designed for barefoot use or with diving socks.
- Rugged Construction: Made from strong, elastic techno polymers to ensure durability and long-term performance.
- Enhanced Propulsion: The channel structure optimizes water flow along the blade, offering exceptional thrust with minimal effort.
- Side Wings for Stability: Reinforced side ribs improve swimming efficiency and control.
- Anti-Slip Design: Rubber pads on the sole provide stability on slippery surfaces.
- Comfort for Long Dives: The foot pocket and extended sole reduce fatigue, letting you focus on the underwater world.

AQUALUNG SUPERZIP 5MM

The Superzip has an extra-thick sole, heavy-duty protective panels on the upper, and a durable zipper to withstand years of use without tearing. This is the boot for an avid diver who needs to be prepared for cold water, rough terrain, less-than-luxurious boats, and murky, low-viz conditions that hide hazards

Technical Features

- **Ergonomic:** Like the rest of the Aqualung boot line, the Superzip uses our patented, anatomically correct ERGO™ shaped footbed and outsole to match the profile of your foot, preventing excess water retention and offering comfortable support.
- **Protective:** 8mm-thick treaded sole provides premium protection against punctures, stings, and slips. For added protection and durability, the panels on the heel cap, toe, and top of the foot are twice as thick as in the standard boots!
- **Warm:** 5mm neoprene upper for the right amount of warmth in any conditions.
- **Comfortable** The Superzip boot uses just a few seams, which are placed away from the widest parts of the feet to minimize chafing.
- **Durable Closes:** with a heavy-duty, non-corrosive #10 YKK toothed zipper. Elastic binding at the top resists wear and tear.
- **Eco-Conscious Packaging:** Ships with minimal carbon footprint packaging. No plastic bags

AQUALUNG SUPERLOW BOOT 3MM

This 3mm neoprene, low-top, pull-on boot has a sturdy, supportive 8mm sole while remaining lightweight. It's perfect for adding moderate warmth and significant protection during warm-water shore dives or on areas where splinters, sea urchins and barnacles can pose puncture hazards to your feet. Designed to be worn with open-heel fins.

- **Ergonomic:** Like the rest of the Aqua Lung boot line, the Superlow uses our patented, anatomically correct ERGO™ shaped footbed and outsole to match the profile of your foot, preventing excess water retention and offering comfortable support.
- **Protective:** 8mm-thick treaded sole provides premium protection against punctures, stings, and slips. For added protection and durability, the panels on the heel cap, toe, and top of the foot are twice as thick as standard boots.
- **Warm:** 3mm neoprene upper for the right amount of warmth and protection
- **Comfortable:** The Superlow boot uses just a few seams, which are placed away from the widest parts of the feet to minimize chafing.

SEABOOT 5MM DIVING BOOTS

Our new diving boots PSI Seaboot 5mm maintains its sturdy but flexible outsole and rubberized protective armor. It still feels very light on the foot. A revised ankle diameter and new contoured top improve fit and make sliding the YKK zipper up and down even easier.

Technical Features

- Material: 5mm neoprene with nylon jersey fabric
- Customized logo printing
- 83 YKK plastic zipper opening
- Natural rubber extra protection on the instep
- Thick rubber sole, extend to toe for more protection
- On back with stopper

SEAWALK 3MM DIVING HALF BOOTS

The ideal warm water dive boot, SeaWalk Boots are made from as few seams as possible, strategically placed away from the foot's widest areas to decrease chafing. Fewer seams don't mean less protection, as these boots are designed to prevent excess water retention and come with a treaded sole that keeps your feet from getting punctured or stung in and out of the water.

Technical Features

- Material: 3mm neoprene with nylon jersey fabric
- Customized logo printing
- Natural rubber extra protection on the instep
- Thick rubber sole, extend to toe for more protection
- On back with stopper

AQUALUNG NEOPRENE ERGO LOW SOCK 3MM

Even in warm waters, it's a good idea to protect your feet with socks. In addition to adding a layer of warmth, the low-top Ergo Neoprene Sock prevents blisters while wearing open-heel fins. It guards against scrapes and stings when wading in and out of the water during shore dives, and allows you to walk safely on hot surfaces.

- **Best Fit:** There's no baggy, unused material due to the right and left foot-specific designs.
- **Grip Option:** Select the silicone print option at check-out for added control.
- **Warm:** Glued and blind-stitched seams prevent water from entering.
- **Durable:** The elastic-bound cuff keeps seams from fraying after repeated use and plenty of abuse.
- **Travel Friendly:** Small, light, and soft, these socks fit easily into luggage.

AQUALUNG NEOPRENE ERGO HIGH SOCK 3MM

Protect your feet in all conditions with socks. We've designed this one to be worn comfortably with a wetsuit or drysuit: it adds a layer of warmth in cold waters and prevents blisters while wearing open-heel fins. Booties also protect your feet from scrapes and stings when wading in and out of the water during shore dives.

- **Best Fit:** There's no baggy, unused material due to the right and left foot-specific designs. The Ergo socks fit smoothly for warmth and sensation.
- **Grip:** Silicone print on the sole prevents slipping to help you keep your balance while geared up.
- **Warm:** Glued and blind-stitched seams prevent water from entering. The high top gives you room for overlap with your wetsuit, and 3mm-thick neoprene provides effective insulation.
- **Durable:** The elastic-bound cuff keeps seams from fraying after repeated use and plenty of abuse.

PSI SEASOCKS 3MM

Enhance your diving experience with the PSI 3mm Neoprene Socks, designed for superior comfort, warmth, and protection. Made from high-quality 3mm neoprene, these socks provide excellent insulation to keep your feet warm in cooler waters while ensuring a snug fit inside your fins.

KEY FEATURES:

- **3mm Neoprene Construction** – Offers thermal protection and flexibility for all-day comfort.
- **Anti-Slip Sole** – Provides added grip and durability, reducing slippage on wet surfaces.
- **Flatlock Stitched Seams** – Ensures durability and minimizes chafing for a comfortable fit.
- **Versatile Use** – Perfect for scuba diving, snorkeling, freediving, and other water activities.
- **Enhanced Fit** – Reduces friction and prevents blisters when worn with diving or freediving fins.

Whether you're exploring coral reefs or navigating rocky shore entries, the PSI 3mm Neoprene Socks are an essential addition to your dive gear.

AQUALUNG ADMIRAL II

The Aqualung Admiral II gloves are just like the Admiral III gloves, but with a more conservative look. They provide comfort during warm water dives, high stretch elastic finger gussets and adjustable hook & loop wrist closure. The durable poly suede palms are white to make signaling and hand signs easier to see under water.

Technical Features

- **Warmth:** 2mm neoprene for warm water dives
- **Durability:** Poly-suede palms
- **Visibility:** Poly-suede in white to make signaling and hand signs easier to see underwater.
- **Comfort:** High stretch elastic finger gussets
- **Adjustability:** Hook & loop wrist closure

MICRO 3.0 - 4K

The SeaLife Micro 3.0 series of permanently sealed cameras is the easiest way to immerse yourself into the world of underwater imaging. The Micro 3.0 camera cannot leak, and is ready to dive right out of the box, simply charge the battery and submerge. The Micro 3.0 requires no maintenance – just wash and clean after use. The camera offers impressive results with its large SONY® 16MP CMOS sensor and 4K Ultra HD video.

The Micro 3.0 has 64GB of internal storage. Images and videos can be transferred to Android or iOS devices via the SeaLife Micro 3.0 App or by USB cable. The SeaLife Micro 3.0 is available as a camera only model, or as a complete set, including either one Sea Dragon 3000F Auto or two Sea Dragon 2500F underwater LED lights.

- 16MP SONY® 1/2.3" Image Sensor
- 100° Wide Angle Lens
- 64GB internal memory
- 4K@30fps or 1080p@120 fps Video
- Easy to use "Piano Key" controls
- JPG and RAW image capture
- Built in underwater color correction
- Manual White Balance available
- Burst Shooting at full 16MP resolution

SPORTDIVER ULTRA UNDERWATER HOUSING

SeaLife launches the new SportDiver Ultra Smartphone Housing, designed to accommodate larger Android models like the Samsung S21, S23, and S24 Ultra. Retaining all features of the original SportDiver, it is compatible with the SportDiver iOS and Android app.

This compact, lightweight housing allows divers to capture stunning photos and videos at depths of up to 130 feet (40 meters) and is compatible with most Android models, including Google's Pixel range and all iPhones from iPhone 8 to iPhone 15 Pro Max. Dive deeper and capture more with the SportDiver Ultra!

- Durable optical glass lens port design
- Sealed electronic circuitry
- Easy control
- Access popular camera settings
- Shoot photos or record video
- Dual Leak Avoidance System
- Removable red underwater color-correction filter
- Includes SeaLife SportDiver Smartphone camera app
- designed by SeaLife
- Playback photos and videos
- Bluetooth® wireless technology
- Holding spring and rubber grip tabs
- Seven (7) 1/4-20 tripod mounts
- Cam-lock sealing mechanism
- Anti-fog design with SL911 Moisture Muncher.
- Depth rated to 130ft / 40m

SPORTDIVER S UNDERWATER HOUSING

Capture the underwater world with your smartphone – down to 100 feet (30 meters)

The **SeaLife SportDiver S** is the ultimate tool for underwater smartphone photography, offering exceptional image control and durability in a sleek, travel-friendly design. Engineered for diving enthusiasts and casual snorkelers alike, the SportDiver S brings the power of your smartphone to new depths—literally.

Constructed with a blend of **polycarbonate, stainless steel, aluminum, and optical-grade glass**, this robust housing is **depth-rated** to 100 feet (30 meters) and provides almost neutral buoyancy depending on your phone model. Whether you're exploring coral reefs or documenting a shipwreck, the SportDiver S makes it easy to **capture high-quality photos and 4K videos** with intuitive controls and unmatched safety features.

Key Features:

Smartphone Compatibility: Fits all iPhones from iPhone X and newer (including Pro Max models), plus most Android devices. Please review our SportDiver compatibility and fit guide.

Advanced Camera App: Use the free SportDiver app to access features like zoom, white balance, RAW/JPEG, lens selection, and more.

Leak Avoidance System: Dual leak alarms and a vacuum seal system provide pre-dive assurance and real-time alerts.

Simple Operation: Large shutter lever and rear control buttons designed for easy use, even with gloves.

Bluetooth® Low Energy: No cables needed—connect your phone wirelessly for efficient control with ultra-low power usage.

Built for Travel: Weighing just 1.41 lbs (641g), it's ideal for travel, and each unit is **individually depth-tested**.

The **SportDiver S** includes everything you need to get started, from rubber grip tabs and a vacuum pump to anti-fog foam and batteries. Its **optical lens port** accommodates multi-lens phones including iPhones and Samsung Galaxy S24+ models.

Important: Some camera settings depend on your smartphone's hardware and OS.

SL408	SportDiver S Underwater Housing	

SEA DRAGON 2500F

The Sea Dragon 2500F uses flat panel COB LED technology to closely mimic natural sunlight, bringing out amazing colors in underwater photos and videos.

With a Color Rendering Index of 90, the Sea Dragon 2500F solves the issue of blue underwater photos and videos by giving divers the ability to add light down to 200 feet/60 meters with portable sunlight.

REF	DESIGNATION	RETAIL
SL671	Sea Dragon 2500F COB LED Photo-Video Light Kit (Includes Grip, Single Tray, Sea Dragon Case)	
SL6712	Sea Dragon 2500F COB LED Photo-Video Light Head (Includes Light Head, Battery & Charger)	

SEA DRAGON 3000F AUTO

The Sea Dragon 3000F Auto delivers 3000 lumens over 120° smooth, even beam angle without a hot spot. Two red LEDs emit an 88° wide "stealth mode" beam that won't scare away nighttime sea creatures and preserves your eye's natural night vision. Powered by a rechargeable 25Wh lithium ion battery, the light burns for a full hour at 100% power at constant brightness with its new COB LED 120° beam angle. Depth rated to 330ft / 100m.

The Sea Dragon 3000F Auto includes a Flex-Connect Grip and single tray. Easily expandable with Flex-Connect Grips, Arms, and Trays.

SL6780	Sea Dragon 3000F Auto COB LED Photo-Video Light Head (Includes Light Head, Battery & Charger)	

SEA DRAGON 3000SF PRO DUAL BEAM

The compact Sea Dragon 3000SF Pro Dual Beam Photo-Video light is the perfect all-around photo, video, and dive light. With a simple one-button push, you can switch from the wide 3000 lumen 120° beam to a narrow 1500 lumen 15° spot beam. For imaging, the spot beam offers many creative opportunities such as to create a narrowly focused snoot or stage spotlight effect. The spot beam also serves as a primary or secondary dive light for most diving applications. Two red LEDs make this the perfect light combination for both day and night dives.

The narrow beam feature has a long effective range making it useful to see in dark areas and discover hiding fish. The Sea Dragon Pro Dual Beam also offers two 180 lumen 88° red LEDs. Red light won't affect your own eyes' night vision or scare-off light-sensitive sea creatures, a simple push on the feature button shifts the light from red to the wide beam at 3000 lumens. You are ready in an instant to capture still or video images.

SL679	Sea Dragon 3000SF Pro Dual Beam COB LED Photo-Video Light Kit (Includes Grip, Single Tray, Sea Dragon Case)	
SL6791	Sea Dragon 3000SF Pro Dual Beam COB LED Photo-Video Light Head (Includes Light Head, Battery & Charger)	

SEA DRAGON 3000F COLOR BOOST™ LED

High-performance 3000 Lumen Underwater Photo-Video Light with Color Boost

The Sea Dragon underwater photo-video light delivers 3000 lumens in a 120° wide beam without hotspots. A 90 CRI (color rendering index) COB LED array simulates natural sunlight, allowing the user to capture vibrant colors and sharp details in underwater photos and videos.

The new patent pending SeaLife Color Boost™ mode combines specific red and white light frequencies, producing a warm and vibrant underwater color effect. Red is the first color in the visible light spectrum filtered out by water. The light's Color Boost feature replenishes the lost red for a balanced, warm color effect.

REF	DESIGNATION	RETAIL
SL681	Sea Dragon 3000F Color Boost™ COB LED Photo-Video Light Kit (Includes Grip, Single Tray, Sea Dragon Case)	

SeaLife**SEA DRAGON 5000+ COB LED****NEW**
2025

The compact Sea Dragon 5000+ with Color Boost™ Photo-Video light is a powerful photo, video, and dive light that replenishes lost colors underwater by combining red and white light frequencies for a balanced, warm effect. With a simple one-button push, you can switch from a brilliant 5000 lumen beam to the Color Boost feature to the Color Boost feature, which adds warmth by using the light's proprietary red LED's to a warm color temperature of 3700 Kelvin. Brightness output can also be adjusted to 6000 lumen for a 2 minutes time (to conserve power) and 6000 lumen with Color Boost (4000K Color temp.), 3000 lumen, 1500 lumen, and Red-only "Stealth" mode. The two red LEDs alone are perfect for night dives.

SeaLife**SEA DRAGON DUO 3000F SET**

The Sea Dragon Duo 3000 Flash underwater lighting set includes the Sea Dragon 3000F Auto Photo/Video Light, Sea Dragon Flash, and Flex-Connect Dual Tray and Grips—providing versatility for shooting colorful photos or videos. The best still images are captured with a flash, and the Sea Dragon strobe auto-learns your camera's pre-flash instantly. The Duo 3000 Flash set also includes the Sea Dragon 3000F Auto, which offers Auto Flash Detect Mode—a feature that turns off the 3000-lumen light for one second while your flash fires and the camera captures the photo. Auto Flash Detect helps eliminate undesirable shadows, color shifts, or backscatter. An additional feature of the 3000F Auto light is the Auto Bright Mode, which automatically dims the light based on the proximity of the subject.

- Two Powerful 3000 lumen LED lights
- Three Brightness modes
- 120° wide beam angle
- Depth rated to 330ft / 100m
- Corrosion-proof light heads
- Removable 25Wh 3400 mAh Li-Ion battery

PSI SCISSOR

REF	DESIGNATION	RETAIL
KN49	Scissor with Nylon sheath	
KNS3	Quick release knife strap - rubber	

PSI DELTA+ LIGHT

- Max brightness: 1050 lumens
- Magnetic switch control
- Rechargeable lithium batteries
- High-strength aluminum construction
- 3 O-rings for maximum sealing
- 4 output modes
- Battery life: 1.5 hours (high output)
- LED lifespan: 50,000 hours
- Depth rating: 200 meters

REF	DESIGNATION	RETAIL
LT1010	PSI Delta+ Light, 1,050Lm, 200m, Rechargeable with Battery & Charger	

PSI COMPACT LIGHT

- Max brightness: 630 lumens
- Uses CREE XM-L2(U4) LED
- Powered by 1 x 14500 rechargeable lithium battery
- Constructed with high-strength aluminum
- An excellent choice for a compact diving light
- Battery life: 1 hour (high output)
- Depth rating: 100 meters

REF	DESIGNATION	RETAIL
LT1020	PSI Compact light, 630Lm, 200m, Battery & Charger	

PSI NEXUS LIGHT

- Max brightness: 1000 lumens (CREE XM-L2(U4) LED), 7600cd clear tight beam
- Titanium alloy body with side switch for easy mode selection and excellent corrosion resistance
- Power indicator alerts the diver:
 - Red light when power <30%
 - Flashing red when power <10%
- Powered by a 18650 Li-ion rechargeable battery
- Runtime: up to 5 hours at 360 lumens
- Tempered lens and durable O-ring design ensure waterproof performance

REF	DESIGNATION	RETAIL
LT1012BK	PSI Nexus Black, 1050lms, Button Switch, 200m, Battery & Charger	
LT1012BL	PSI Nexus Blue, 1050lms, Button Switch, 200m, Battery & Charger	
LT1012RD	PSI Nexus Red, 1050lms, Button Switch, 200m, Battery & Charger	

PSI NEXUS PRO LIGHT

- Max brightness: 1100 lumens (CREE XM-L2(U4) LED), 8500cd clear tight beam
- Titanium alloy body with side switch for easy mode selection and excellent corrosion resistance
- Power indicator alerts the diver:
 - Red light when power <30%
 - Flashing red when power <10%
- Powered by a 18650 Li-ion rechargeable battery
- Runtime: 1.5 hours at full power (1100 lumens)
- Tempered lens and durable O-ring design ensure waterproof performance

REF	DESIGNATION	RETAIL
LT1022BK	PSI Nexus PRO Black, 1100/1.5h - 340/3.5h & Flash mode, 200m, Battery & Charger	
LT1022BZ	PSI Nexus PRO Bronze, 1100/1.5h - 340/3.5h & Flash mode, 200m, Battery & Charger	

PSI SOLAR LIGHT

- Max brightness: 2500 lumens with 6500K color temperature; beam range up to 400 meters
- 9° spotlight beam angle
- PWM signal processing + constant current circuit
- Powered by a 26650 lithium battery
- Military-grade hard-anodized aluminum housing (AL6061-T6), resistant to seawater corrosion and scratches
- Explosion-proof design for improved durability
- High-quality tempered glass lens, scratch-resistant up to 200°C temperature difference
- Smooth electroplated reflector cup with laminated alloy reflective film
- Built-in microcomputer chip for low power consumption, high reliability, and flexible operation
- Electronic anti-reverse protection
- Fully enclosed side switch with high/low brightness control
- Triple waterproof ring design for exceptional sealing
- Depth rating: 150 meters

REF	DESIGNATION	RETAIL
LT1025BK	PSI Solar Black, 2500lm/2.5h 1250lm/1h, 150m, Battery & Charger	

PSI ABYSS 3600

- Powerful 3,600-lumen output with High, Medium, and Low modes
- 150m waterproof rating with triple O-ring protection
- Aircraft-grade aluminum body with military hard-anodized finish

- USB-C rechargeable 21700 battery (included)
- Runs up to 12.5 hours on low mode (2.2 hours on high)
- Built-in overheat and reverse-polarity protection
- Cycles through Low, Medium, and High modes

REF	DESIGNATION	RETAIL
LT1230	PSI Abyss 3600lm, Top switch, 3 Modes, 150m, Battery 21700

AQUALUNG NABUL COMBO

The Nabal Snorkeling combo includes mask, snorkel and a gear bag for easy transport to your favorite beach or reef. With a low volume design mask and comfort snorkel, you have everything you need to start exploring.

Mask

- Lens and skirt are assembled without a frame to reduce size and weight.
- Single lens style offers an panoramic field of vision.
- Lightweight low-volume design makes clearing water from the mask easy.
- Travel friendly.
- Adjustable buckles.

Snorkel

- Ergonomical silicone mouthpiece provides comfort and minimizes jaw fatigue.
- One-way purge valve allows for easy clearing.
- Ergonomical full flex section for custom fit.

AQUALUNG COMBO SIDEVIEW II

The Aqualung Sideview II Mask and Snorkel Combo opens up the majesty of the underwater world. The Sideview II snorkeling mask extends your panoramic range of vision to a full 180° so you can experience all the sea has to offer. Easily adjustable buckles keep your mask firmly in place while a soft, silicone skirt provides a comfortable seal against water leaks. The Sideview II Combo is a workhorse kit you'll enjoy having with you on your next snorkeling adventure.

Specifications:

- No Water Leaks: Hypoallergenic silicone face skirt provides a perfect leak-proof fit and is safe for your skin
- Wide Field of View: Four-window design offers an exceptional 180° view
- Designed For Comfort: A well-designed silicone mouthpiece reduces jawline fatigue, common with most snorkelers.
- Easy To Clear: Easy-to-use one-way purge valve allows you to clear any water from mouth
- Enhanced Flexibility: The full-flex section ensures you're comfortable for easy underwater navigation and drops away when not in use

PSI ADVENTURE FULL FACE MASKS

NEW 2025

Our new 180-degree panoramic full-face mask allows you to open your eyes freely while underwater. It enhances your snorkeling experience and provides a broad view of fish and other sea life.

Technical Features

- 180-degree panoramic view, Waterproof Anti Fog
- The Full-Face mask design with patent separates inhaling and exhaling channels (high volume air-flow structure allows 20%-50% more than normal masks) for anti-fogging
- Skin-friendly material seals the mask perfectly to prevent water from getting in; an anti-fog shatterproof PC mask keeps your view crystal-clear
- GoPro mount for your sports cam, ensuring you capture the best shots of your snorkeling adventure.

Material: Silicone gel + PC Lens

Adult Sizes: S/M & L/XL

PSI V-FLEX

New compact and performant open heel snorkelling or diving Fins. Easy to adjust and no boot required. Come with neoprene pad for top comfort.

Technical Features

- Our new compact and performant open heel snorkelling or diving fins. Easy to adjust and no boot required. Come with neoprene pad for top comfort. You've got your goggles or mask, you've got your underwater camera, but you're not yet set – you still need your fins! Enjoy the ocean or reef getaway with your kids with these adjustable strapped snorkeling fins.
- The strap style snorkel fins adjust quickly to a range of sizes. The oversized rubber heel strap and convenient swivel buckles make these fins optimal for growing feet or sharing with friends and family.
- SMART DESIGN – The flexible blade is comprised of two materials: a soft rubber center section and the main blade. The rubberized center suction cups water with each kick, allowing for maximized agility and minimized effort and fatigue while swimming.
- HEEL TO TOE COMFY – With an oversized rubber heel strap, the neoprene pad and a comfortable blade design, you can enjoy an improved feel and reduced chafing. The soft foot pocket also eliminates the need for a neoprene boot.

LOOSE FIT RASH GUARD

Discover the perfect blend of comfort and functionality with our PSI Loose Fit Rash Guards. Designed to fit just like your favorite T-shirt, these rash guards are versatile enough to be worn both in and out of the water, ensuring you stay stylish and protected throughout your adventures.

- Comfortable Loose Fit: Enjoy unrestricted movement with our rash guards designed for ultimate comfort and freedom.
- Quick-Drying Technology: Stay dry and comfortable, on land or in the water, thanks to our quick-drying fabric.
- UV Protection: Our 82% Polyester / 18% Spandex blend provides 50 SPF UV protection, guarding your skin against the sun's harmful rays.
- Versatile Unisex Design: Designed for everyone, our unisex rash guards offer the same level of comfort and protection, regardless of gender.

LOOSE FIT OUTLAW

PSI's collection of Loose FIT rashguards are designed to fit comfortably just like your favorite T-shirt and can be worn in & out of the water. They dry quickly, protect your skin from the sun's UV rays and act as a guard against stings and scratches. PSI's recommends wearing a rashguard under your wetsuit for added comfort while diving or after a dive to protect from the wind.

- The rashguards are SPF 50
- The PSI rashguard material is made from 85% nylon / 15% spandex
